¹ Returns less than one year are not annualised. Performance does not take account of the commissions and costs incurred on the issue and redemption of shares. Future performance is subject to taxation which depends on the personal situation of each investor, and which may change in the future. Complete information on risks can be found in the prospectus.

Payden Global Government Bond Index Fund is a sub-fund of Payden Global Funds plc, an open-ended investment company with variable capital incorporated under Ireland law and is authorised by FINMA for offering to non-qualified investors. The prospectus for Switzerland, the key investor information documents ("KIID"), the articles, the semi-annual and annual reports and other information can be obtained free of charge from the Fund's representative and paying agent in Switzerland: Reyl & Cie SA., 4, rue de Rhône, 1204 Geneva, Switzerland.

The Fund is passively managed with reference to the FTSE World Government Bond Index NOK Hedged (the "Index"). The Index is used (i) as a universe from which to select or hold securities; and (ii) to measure performance of the Fund. The anticipated annual normal tracking error (which means the volatility of the difference between the return of the Fund and the return of the Index), in normal market conditions, relative to the Index is 0.05%-0.15%.
